

# KUWADZANA U-KNITY

hope  
housing

*Thanks to a generous RAG donation from Warwick University last year, women in Hope are knitting, for themselves, other residents and YOU. Having a warm hat and scarf in this weather keeps those icicles off your ears. We all need them! Having a capacity of nearly thirty residents, who move in and out quite quickly, we have used nearly all our resources. We are selling the attached hats and scarfs for £5 per item, but larger donations, or gifts of wool are greatly appreciated.*

*U-knityware can also make to order: bring us wool and a pattern; giving a donation towards the cause for the completed items.*

*All items made with love by dedicated women in Hope Housing.*
